

How to clean your room!

Keep your flat clean.

Please clean the areas described below carefully before you move out.
You can use the products in the cleaning bucket that we provide.

Bathroom

Please open the drain in the shower and remove dirt and hair.

Keep your toilet clean by using toilet cleaner and toilet brush.

Keep the tiles clean and remove limescale stains and dirt.

Clean the sink and don't forget the tapware.

Kitchen

Clean the cooker and remove burnt-in spots.

Clean your kitchen sink thoroughly including the tapware.

Use the washing-up liquid for the dishes.

Remember to air regularly.
Air for about 5 minutes in winter,
10-15 minutes each in autumn
and spring and up to half an hour
in summer.

Repeat this 2 to 4 times a day.

Living area

Don't forget to mop the floor.
